Vivek Mishra
JP Morgan & Chase

Dear Mr. Mishra,

I hope this message finds you well. I am writing to personally invite you to join us for an exciting and innovative event—the upcoming **Rutgers Health Hack 2024** scheduled for **October 25th to 27th at Rutgers Robert Wood Johnson Medical School and Robert Wood Johnson University Hospital**.

As a distinguished leader in the healthcare, your expertise and insights would be invaluable to our participants, who are a diverse mix of professionals and students, including clinicians, software engineers, technologists, designers, and entrepreneurs. This hackathon is focused on solving critical challenges in medical education, patient safety & outcomes, hospital operational excellence, and global health. Mentoring during this event will provide a unique opportunity to inspire and guide the next generation of healthcare innovators as they tackle real-world problems with creative solutions. We are privileged and grateful this year to have technology resources and on-site support from **Amazon Web Services, Microsoft, Oracle, and Nokia Bell Labs**.

Additionally, we would be honored if you could join us for an exclusive **VIP dinner**, taking place on **October 26th at 6 PM at the Rutgers Club**. This intimate gathering will bring together key thought leaders and influencers in healthcare, offering a platform for meaningful dialogue, collaboration, and networking with peers who share a commitment to transforming the future of healthcare.

Please let us know if you are available to join us, and feel free to reach out if you have any questions. We truly hope you will accept our invitation and look forward to the possibility of welcoming you to this exciting event. Please visit RUHealthHack.com for more information.

Warm regards,

Jay Naik, MD

Assistant Professor of Medicine
Vice Chair for Clinical Innovation
Director, Healthcare Leadership & Management Track
Core Faculty, Internal Medicine Residency
