Anand International College of Engineering, Jaipur is proud to host a Five-Day (Hybrid) Faculty Development Programme on "Advanced Trends & Applications in Artificial Intelligence & Machine Learning" from 14th to 18th April, 2025.

Organised by the Department of Computer Science & Engineering, this AICTE-approved programme aims to empower educators and researchers with in-depth insights into emerging technologies in AI & ML through expert-led sessions.

We are deeply honored to welcome an exceptional lineup of eminent speakers from prestigious institutions and top-tier global organizations:

- Dr. Harish Sharma, RTU, Kota
- Dr. Saroj Hiranwal, Victorian Institute of Technology, Australia
- Dr. Bhupesh Kumar Singh, Amity University, Jaipur
- Dr. Faheem Masoodi, Bahrain Polytechnic University, Kingdom of Bahrain
- Er. Rahul Vishwakarma, WorkOnward, USA
- Er. Apurva Jain, META, USA
- Er. Vivek Mishra, JPMorgan Chase & Co, USA
- Er. Dheerendra Panwar, Dell Technologies, USA
- Er. Sinchan Banerjee, UST, USA
- Er. Kingsuk Chakrabarty, The Estée Lauder Companies Inc., USA

This initiative reflects our commitment to continuous learning, global collaboration, and staying at the forefront of technological advancements.

ABOUT THE PROGRAM

The objective of this Faculty Development Program (FDP) is to provide an opportunity for the faculty members of the Department of Computer Science & Engineering to update their knowledge and skills in the field of Artificial Intelligence and Machine Learning. The program will be conducted in a hybrid mode, with the first two days (14th and 15th April) being offline and the remaining three days (16th, 17th, and 18th April) being online. The program will cover the following topics:

- Artificial Intelligence: An Overview
- Machine Learning: Fundamentals and Applications
- Deep Learning: Fundamentals and Applications
- Computer Vision: Fundamentals and Applications
- Natural Language Processing: Fundamentals and Applications

The program will be conducted in a hybrid mode, with the first two days (14th and 15th April) being offline and the remaining three days (16th, 17th, and 18th April) being online. The program will cover the following topics:

- Artificial Intelligence: An Overview
- Machine Learning: Fundamentals and Applications
- Deep Learning: Fundamentals and Applications
- Computer Vision: Fundamentals and Applications
- Natural Language Processing: Fundamentals and Applications

IMPORTANT

Certificate will be provided to those participants who will attend the FDP for the full duration. The certificate will be issued by the Department of Computer Science & Engineering, Anand International College of Engineering, Jaipur.
