Hi Vivek!

We are thrilled to formally extend the offer for the AWS Java Python Software Developer position with Randstad Digital, assigned to the Vanguard account!

Please find your official offer letter attached to this email for your review and signature.

Next Steps in the Process:

- **Onboarding Paperwork:** Our onboarding team is preparing your standard employment documents and will send them to you as soon as possible.
- **Background Check/Fingerprinting:** Keep an eye out for a separate email from **Cisive** (the company Vanguard uses), which will contain a link to initiate their client-specific background check and fingerprinting.

Please review the attached letter, and feel free to reach out if you have any questions.

Congratulations again—we are incredibly excited to have you join the team!

Best regards,

Colleen
